# INTRODUCTION

The New Jersey State Library annually compiles statewide library statistics to help libraries analyze and improve programs and services. Trustees and library directors use the statistics to develop and justify budgets and for comparative evaluation of programs, staffing practices and collection development. School and college library staffs use the statistics to identify interlibrary loan resources and to establish cooperative service programs.

Public library services in New Jersey are provided primarily by three types of libraries:

1) **Municipal** - library established by law following a referendum in which the majority of voters decided to establish such a library. It is supported by taxes and is governed by a board, appointed by the mayor, which must include the mayor and the superintendent of schools. There are 229 municipal libraries identified in the tables by an **M**.

2) **County** - library established by law following a county-wide referendum approved by a majority of voters. It is supported by taxes and generally governed by a board known as the county library commission, composed of five members appointed by the freeholders. There are 14 county libraries identified in the tables by a **C**.

3) **Association** - library established, governed and supported by an association of citizens. Such an association is incorporated, forms its own constitution, appoints or elects its own board and is responsible for operation of the library. It may receive tax support from the local governing body. Only those association libraries whose services are free to the public are included in this publication. Some libraries formerly listed as association libraries are now branches or stations of their county libraries. Association libraries, numbering 64, are indentified in the tables by an **A**.

In addition, there are six joint libraries in New Jersey which are identified in the tables by a **J**. A joint library is established by law following a referendum in two or more municipalities which was approved by the majority of voters. It is governed by a board appointed by the mayors of the participating municipalities.

Summary tables show the number and percentage of population served by public libraries (Tables 1 and 2), libraries according to size of population served (Table 3), libraries according to total expenditures (Table 4), libraries according to type and total expenditures (Table 5), and by the Regions of New Jersey (see page 41). Tables showing individual library statistics by county and a state summary constitute the body of this publication. These data include the 1990 New Jersey population figures for population served and the 1992 equalized valuation. Where a public library is supported by more than one municipality, the figures shown represent combined municipalities. Explanation of the column headings follow. Where data have been taken from annual public library statistical reports for 1992 the line number of the report used is given in parentheses at the end of the explanation of each column heading below.

**POPULATION SERVED**
The total population of New Jersey as of April 1, 1990, was 7,730,188 as stated in the 1990 Census of Population and Housing-Summary Population and Housing Characteristics-New Jersey, issued in August 1991 by the U.S. Department of Labor, Bureau of the Census. An estimated 7,659,289 of this population were served by a public library, defined as accessibility to a public library within a municipal boundary or to service provided by a county library. As indicated in the tables, two municipalities contract for library service. Their populations total 13,902. The remainder of the population, 56,997, is unserved, residing in municipalities not served by a county library or any local library.

The population served by a county library is the total of all municipalities which provide tax support, including the populations of the member-libraries listed below the county-library entry.

**EQUALIZED VALUATION**
Equalized valuation of municipalities is supplied by the Division of Taxation, New Jersey Department of Treasury, 1992. Amounts are shown to the nearest thousand dollars and exclude municipalities which do not officially support library services. For county libraries, the equalized valuation reported is the total of all municipalities which provide tax support.

**INCOME: LOCAL TAX**
Local tax support is shown as reported by individual libraries as the sum of appropriated and additional tax support. (Line 14)

NOTE: Calculation of State Library Per Capita Aid is based on amounts expended from municipal or county budgets for library purposes.

**INCOME:**
**PER CAPITA STATE AID**
Amounts shown as per capita state aid were reported as paid in 1992 to municipalities and counties with libraries. State Aid to network contract libraries and emergency aid/incentive grants are not shown in this column. (Line 16)

**INCOME: TOTAL**
Amounts shown are library operating income from all sources (Line 24), but excluding the balance brought forward from the prior year (Line 11). State aid to network contract libraries and emergency aid/incentive grants are included. (Line 24 - Line 11)

**EXPENDITURES: SALARIES, WAGES AND BENEFITS**
Amounts reported here include salaries, wages and fringe benefits paid in 1992 to all library employees, including maintenance personnel, whether paid from the library budget or from the municipal or county budget. Retirement benefits paid are excluded. (Line 28)

**EXPENDITURES: LIBRARY MATERIALS**
Included are the amounts expended for books, periodicals, newspapers, microforms, all other non-print materials and binding. (Line 33)

**EXPENDITURES: TOTAL**
Total expenditures for 1992 as reported by libraries, represent current operations and exclude amounts spent for capital improvements, repayment of loans, etc. The difference of total expenditures, less those for salaries, wages and benefits and for library materials, represents all other operating expenditures. (Line 37)

NOTE: Total expenditures may exceed total income, since the balance carried forward from 1991 (Line 11) has been deducted to yield current-year income.

**PER CAPITA: LOCAL EXPENDITURES**
These amounts are derived by dividing total expenditures by population served. This column excludes amounts paid by municipalities in support of county libraries.

**PER CAPITA: EXPENDITURES INCLUDING COUNTY TAX**
For county libraries and county-library members, these amounts are derived from the sum of total local expenditures and county-library tax support paid, divided by population served. (While amounts paid by municipalities in support of a county library are not printed in these tables, they are included in these computations and were taken from county abstracts of ratables.)

**STAFF: PROFESSIONAL CERTIFIED**
Numbers appearing in this column represent full-time and part-time librarians who hold New Jersey Professional Librarian Certifications. (Line 42a)

**STAFF: FULL TIME**
In this column, the number of individuals working full-time for a minimum of 30 hours per week as of December 1992 is reported. (Line 39b)

**STAFF: FULL TIME EQUIVALENTS (FTE)**
This column represents the total of part-time and full-time employees equated to a number of full-time positions. The minimum work week is assumed to be 30 hours. (Line 42b)

**VOLUMES OWNED YEAR END**
These amounts represent the number of books (including books in microform if cataloged) reported as owned at the end of 1992. Other materials which are prepared, cataloged and recorded in the same manner as books are also reported here. (Line 47b)

**VOLUMES: PER CAPITA**
These amounts are derived by dividing the number of volumes owned at the end of the year by the population served.

**VOLUMES: PURCHASED DURING YEAR**
This column reports the number of volumes purchased (including books in microform if cataloged) by public libraries in 1992 exclusive of gifts and volumes supplied by county libraries. (Line 45b)

**TOTAL CIRCULATION**
Reported here is the total circulation of library materials, adult and juvenile, including reciprocal borrowing, loans of library materials in bulk to other institutions and interlibrary loans. (Line 58)

**SUBSCRIBED PERIODICALS**
Numbers shown equal reported number of current paid subscription titles, including newspapers and magazines other than annuals, at the end of 1992. (Line 48)

**HOURS OPEN WEEKLY**
This column reports the number of hours per week the main library was open for public service during the major part of 1992. (Line 60)

## AVERAGES

Averages have been calculated for county-member subtotals, county summaries, and state totals for the following columns: Per Capita Local Expenditures, Per Capita Expenditures Including County Tax, Volumes Per Capita, and Hours Open Weekly.

## AVERAGE PRICE PAID FOR BOOKS IN 1992 BY NEW JERSEY PUBLIC LIBRARIES

**Average Price Paid Per Volume in 1992: $14.99**

Many libraries use the average price per volume to assist in setting their budgets for library materials and to meet the State Library Aid Administrative-Code criteria for number of volumes purchased. As detailed in the New Jersey Administrative Code, 6:68-2.5(b), the funds spent for audiovisual materials, electronic reference services, and computer software when divided by the average price paid per volume in the most-recent year published, gives an equivalent number of volumes which may be added to the number of print volumes purchased. Alternately, the total materials expenditure (except periodicals) may be divided by the average price per volume to yield the total number of volumes purchased.

From the 1992 annual statistical reports, Line 29 (Columns a+b), "Expenditures for Books," totaled $21,624,166 for the 295 public libraries reporting. The net total of line 45, "Book Stock: Number of Volumes Purchased," was 1,442,092. Thus, the average price per volume purchased in 1992 was $14.99.

The $14.99 average price for 1992 will be used in 1994 for calculation of the FY 1995 State Library Aid requirement for the number of volumes purchased in 1993.

## PER CAPITA EXPENDITURE FOR NEW JERSEY PUBLIC LIBRARIES BY COUNTY, RANKED FOR 1992 AND SELECTED PRIOR YEARS

| County | Per Capita Expenditures | Rank | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | 1992 | 1992 | 1991 | 1990 | 1989 | 1988 | 1983 | 1978 |
| Morris | $38.08 | 1 | 1 | 3 | 1 | 1 | 1 | 3 |
| Essex | $37.94 | 2 | 2 | 2 | 3 | 2 | 2 | 1 |
| Bergen | $36.35 | 3 | 3 | 4 | 2 | 3 | 4 | 4 |
| Cape May | $36.11 | 4 | 4 | 1 | 7 | 7 | 3 | 5 |

# NEW JERSEY PUBLIC LIBRARIES
# SUMMARY OF SERVICE

## TABLE 1
## STATE POPULATION

TOTAL STATE POPULATION 7,730,188

## TABLE 2
## POPULATION SERVED

| | | % OF STATE POPULATION |
|---|---|---|
| POPULATION SERVED | 7,659,289 | 99.08 |
| POPULATION NOT SERVED | 70,899 | 0.92 |
| | ========= | ===== |
| | 7,730,188 | 100.00 |

Two otherwise unserved municipalities contract with other public libraries for library services:

| | | | |
|---|---|---|---|
| Englewood Cliffs (see p. 15) | 5,634 | 5,634 | |
| Guttenberg (see p .24) | 8,268 | 8,268 | |
| | | ===== | |
| Total contracting population | | 13,902 | 0.18 |
| With the 13,902 population counted as served, the not served population amounts change to: | | 56,997 | 0.74 |

Succeeding tables in this section are based on the population served of 7,659,289 which excludes the two municipalities contracting for library services.

## NEW JERSEY PUBLIC LIBRARIES
## SUMMARY OF SERVICE

### TABLE 5
### LIBRARIES ACCORDING TO TYPE AND TOTAL EXPENDITURES

#### LIBRARY TYPE = 1 LIBRARIES NOT MEMBERS OF COUNTY LIBRARY

| | TOTAL EXPENDS | POPULATION[1] | NUMBER OF LIBS. | % OF STATE POPULATION | EXPENDS PER CAP[2] |
|---|---|---|---|---|---|
| MUNICIPAL LIBRARIES (M) | $155,215,409 | 5,184,684 | 225 | 67.07 | $29.94 |
| JOINT LIBRARIES (J) | $4,731,650 | 119,946 | 6 | 1.55 | $39.45 |
| ASSOCIATION LIBRARIES (A) | $2,191,617 | 149,008 | 17 | 1.93 | $14.71 |
| NON-RESPONDENTS | | 19,759 | 5 | 0.26 | |
| SUMMARY | $162,138,676 | 5,453,638 | 248 | 70.55 | $29.73 |

#### LIBRARY TYPE = 2 COUNTY LIBRARIES

| | TOTAL EXPENDS | POPULATION | NUMBER OF LIBS. | % OF STATE POPULATION | EXPENDS PER CAP |
|---|---|---|---|---|---|
| COUNTY LIBRARIES | $54,776,647 | 2,589,711 | 14 | 33.50 | $21.15 |

#### LIBRARY TYPE = 3 COUNTY LIBRARY MEMBERS

| | TOTAL EXPENDS | POPULATION[3] | NUMBER OF LIBS. | % OF STATE POPULATION | EXPENDS PER CAP[4] |
|---|---|---|---|---|---|
| MUNICIPAL LIBRARIES (M) | $188,964 | 7,690 | 1 | 33.50 | $24.57 |
| ASSOCIATION LIBRARIES (A) | $2,195,424 | 216,044 | 32 | 2.79 | $10.16 |
| NON-RESPONDENTS | | 74,914 | 12 | 0.97 | |
| SUMMARY | $2,384,388 | 223,734 | 33 | 2.89 | $10.66 |

#### LIBRARY TYPE = 4 COUNTY LIBRARIES & MEMBERS (2 PLUS 3)

| | TOTAL EXPENDS | POPULATION | NUMBER OF LIBS. | % OF STATE POPULATION | EXPENDS PER CAP |
|---|---|---|---|---|---|
| COUNTY LIBRARIES | $57,161,035 | 2,813,445 | 47 | 36.40 | $20.32 |

#### LIBRARY TYPE = 5 STATE TOTAL (1+2+3)[5]

| TOTAL EXPENDS | POPULATION | NUMBER OF LIBS. | % OF STATE POPULATION | EXPENDS PER CAP |
|---|---|---|---|---|
| $219,299,711 | 7,639,530 | 295 | 98.83 | $28.71 |

## Notes on Table 5: "Libraries According to Type and Total Expenditures"

1. Population served totals in this library type exclude the population of the five (5) non-respondent exempt libraries having a total population of 19,759.

2. Expenditures per capita in this library type exclude the populations of the five (5) non-respondent municipal and exempt libraries, whereas the statewide summary sheet for the 1992 public library statistics includes these people. Hence, the difference in per-capita expenditures: $28.63 with the additional 19,759 population included; $28.71 with them excluded.

3. Population served totals in this library type exclude the population of the twelve (12) non-respondent association libraries having a total population of 74,914.

4. Expenditures per capita in this library type exclude the population of the twelve (12) non-respondent association libraries.

5. In computing statewide totals for this table, add together "Library Types".

   Total Expends = 1+2+3

   Population and Percent of State Population = 1+2 (since 2 includes population of 3, 3 is excluded here; however, the duplicated population served by Morris County Library of 403,819 has been deducted for both calculations)

   Number of Libraries = 1+2+3 (note that 17 non-respondents are excluded)

   Expenditures Per Capita = Total Expends divided by Population

# ACKNOWLEDGMENTS

Acknowledgment is made to the Library Research Center, Graduate School of Library Science, University of Illinois at Urbana-Champaign, whose **Analyses of the 1979-80 Illinois Public Library Statistics** (1980) provided the model, general format and some of the analytical measures used in this publication.

Other useful data was obtained from **Output Measures for Public Libraries: A Manual of Standardized Procedures**, by Douglas Zweizig and Eleanor Jo Rodger, American Library Association (Goals, Guidelines and Standards for Public Libraries Committee, Public Library Association), 1982.

The computer programs used in this compilation were developed by the Bureau of Information Resources Management, Division of Administration, New Jersey State Department of Education.

Word-processing of the introductory material in this volume was done by Lorraine Jones.

Rank of Local Tax Support Per $1,000 of Equalized Valuation 80

# PREFACE

Made possible by the entering of 1992 data into the public library database, the purpose of this volume is to add meaning to the statistics of New Jersey's diverse public libraries. By reducing such large amounts as equalized valuation to a per-capita basis or by looking at circulation of library materials compared to the number of volumes owned, for example, libraries of all sizes can be viewed in a new way.

As this publication is intended to assist the public library director and board of trustees, your comments and suggestions are welcomed and needed. Please send me your ideas at your earliest convenience.

Robert K. Fortenbaugh
Assistant Coordinator, Library Programs
New Jersey State Library

# INTRODUCTION

**Analyses of New Jersey Public Library Statistics for 1992** interprets data obtained from the annual reports of 295 public libraries. Using data published in **New Jersey Public Library Statistics for 1992**, this publication analyzes data in several different ways.

The libraries have been divided into groups by population and expenditure levels. Therefore, each library is listed twice. After each population or expenditure listing, a page follows which gives the arithmetic average, standard deviation, high, low, three percentile ranks and number of libraries reporting, calculated for each data element. The top half of each "averages and percentiles" page presents columns previously published in **New Jersey Public Library Statistics for 1992**. The bottom half of each page gives columns for this volume. (Because of limitations of computer-formatted printing, some columns may appear in a different grouping, but all columns are listed in the same order on all pages.)

The **average** (arithmetic mean) is the sum of the data for all libraries in a group divided by the number of libraries in that group. The **standard deviation** is a measure of distribution around the average of the values for all libraries in the group. In a normal distribution, roughly two-thirds of the values fall within plus-or-minus one standard deviation from the mean. The **maximum** is the highest value reported for the group; the **minimum** is the lowest value reported. The three percentile ranks, 75th, 50th, and 25th, are the values below which 75% of the group, 50% of the group, and 25% of the group are found.

For items summarized from the **New Jersey Public Statistics for 1992**, see pages 2-4 of that publication for definitions of the column headings.

Each library is listed by **LIBRARY NAME, POPUL SERVED 1992** (in the population listings), **TOTAL EXPENDS** (in the expenditures listing), and **CO**, a two-digit **COUNTY** code, for which a key is provided in the County/Statewide Summary.

Several ratios and percentages for each library were calculated from the data available, as defined above. They are as follows:

**Explanation (All data is for 1992)**

**EQ VAL PER CAP ($) - Equalized valuation per capita, in dollars:** "Equalized valuation" is the true value of real property within a local taxing district, computed from the aggregate assessed valuation and actual sales of property, and used to distribute equitably State school and library aid, apportion county taxes, and measure municipal debt limits. The population count used is that listed in the **New Jersey Library Statistics** for this year.

**LOC TX SUP PER $1,000 EV - Local tax support per $1,000 in Equalized Valuation:** Local tax support (income) for the public library per $1,000 in Equalized Valuation. This is a measure of the local support of the library compared to the true value of real property of the municipality or county.

**LOC TAX SUP PER CAP ($) - Local tax support per capita, in dollars.** The library income from local tax sources, per capita. This is another measure of the local support of the library.

**LOC TAX SUP % OF TOT INC - Local tax support of a percentage of total income:** The percentage of the library's total current operating income from local tax support.

**PSCA % OF TOT INC - Per Capita State Library Aid as a percentage of total income:** The percentage of the library's total income from the category of state library aid known as "per capita" aid.

**PSCA % OF LOC TX SUP - PSCA - Per Capita State Library Aid as a percentage of the sum of local tax support and Per Capita State Library Aid:** The percentage of the library's total budget from local-tax and state-wide aid sources that Per Capita State Library Aid represents.

**SAL, W, B % OF TOT EXP - Salaries, wages and benefits as a percentage of total expenditures:** Percent of total expenditures spent for salaries, wages and benefits of library employees, including maintenance personnel.

**LIB MAT % OF TOT EXP - Library materials as a percentage of total expenditures:** Percent of total expenditures spent for all library materials.

**CIRC PER CAP - Circulations per capita:** Number of circulation transactions per capita of the population served.

**CIRC PER FTE - Circulation per full-time equivalent staff:** Number of circulation transactions per full-time equivalent staff (based on a minimum 30-hour week, or actual hours worked if greater than 30).

**CIRC PER VOL HELD - Circulations per volumes held:** Number of circulation transactions per cataloged volumes in the collection at the end of the year.

**CIRC PER HRS OPEN - Circulations per hours open:** Total weekly circulation transactions per number of hours main library was open for public service in a week.

**PROF % OF TOT STAFF - Professionals as a percentage of total staff:** Percent of total library staff holding a New Jersey Professional Librarian Certification.

**FTE PER M POP - Full-time equivalent staff per 1,000 population:** Number of full-time equivalent staff per 1,000 population.

**FTE PER WK HRS OPEN - Full-time equivalent staff per week hours open:** Number of full-time equivalent staff per number of hours main library was open for public service in a week.

**VOLS PER CAP - Volumes per capita:** Number of cataloged volumes in the collection at the time of the year, per capita.

**% VOLS ADDED - Percent of volumes added:** Percent of volumes held that were purchased and added to the collection.

**VOLUMES ADDED PER CAP - Volumes added per capita:** Number of cataloged volumes purchased and added per capita.

**TOT EXP PER CAP ($) - Total expenditures per capita, in dollars:** Total library expenditures in dollars per capita.

**MAT EXP PER CAP ($) - Materials expenditures per capita, in dollars:** Library materials expenditures in dollars per capita.

**TOT EXP PER CIRC ($) - Total expenditures per circulation, in dollars:** Total library expenditures in dollars per circulation transaction.

**TOT EXP PER HR OPEN ($) - Total expenditures per hours open, in dollars** Total library expenditures in dollars per number of hours main library was open for public service in a week.

These ratios and percentages are shown first by county and statewide summary, then by Regional subtotals, Next, the averages and percentiles of the printed and derived data are presented in statewide and regional summaries. Then, rations and percentages are shown for each library individually within each population or expenditure group.

After each population group or expenditure category, the averages and percentiles of the printed and derived data are given.

The averages for ratios and percentages are based on data in each case for all libraries taken separately rather than the total of one data element divided by the total of another element.

As indicated in the Preface, a ranking of local tax support per $1,000 of Equalized Valuation has been continued: All computed values for the variable "LOC TX SUP PER $1,000 EV" have been ranked from low to high for all 295 libraries reporting. Percentiles (25th, 50th, 75th and 100th) are given for all libraries reporting and are presented by county, population served, and expenditure categories. Where a "." is printed, the variable has not been computed because data was not reported.

## Comparisons Among Groups of Libraries

Study of the averages gives a good general picture of each population group and each expenditure category. The average of each data element not only describes the group as a whole but also can provide interesting comparisons with other groups. For example, a county library may wish to compare its member libraries and itself with other county library systems.

We have selected certain data from various tables from throughout this volume and displayed them graphically to illustrate some of the trends that occur as population or total expenditure increases.

LOCAL TAX SUPPORT PER CAPITA
By Expenditure Categories

## Suggested Use of the Tables

Individual libraries can readily be compared with others in the same population-sized group or the same expenditure category. For example, the Madison Public Library serves a population of 15,850 and has total expenditures of $891,093. It is listed individually in the tables for "Population=15,000-19,999" and Total Expenditures= $750,000-999,999." When compared with other libraries in the same population group (see page 38, "Averages and Percentiles of Statistics ...Population = 15,000-19,999"), Madison's **local tax support per capita** is $39.17, above the group average of $31.75, just below the 75th percentile of $40.38. Its 10.5 **circulations per capita** are slightly above the 75th percentile of 10.1. Other evidence of collection use is that of **circulations per volume held** which at 1.5 is below the group average of 1.9 but above the lowest 25% of the libraries in its population group (at 1.3). Madison holds 7.2 **volumes per capita**, the highest value in the group. The high volumes per capita figure has a noticeable effect upon the **circulation per volume held** value in Madison's case

When compared to other libraries in the same expenditure category, Madison's **local tax support per capita** ($39.17) is below the 75th percentile ($40.53), while its **circulations per capita** (10.5) are above the 75th percentile (10.2). Madison's **total expenditure per circulation** is $5.36, placing it just below the median in this group (5.46).

With this brief example, it can be seen that any library can compare itself not only with other libraries but with other groups of libraries.

In order to make the tables in this volume as meaningful as possible, data which are missing have been excluded from the calculations. Where a data element cannot be computed, an **X** is printed in the column. In figuring averages and other statistics for the group, that library's ratio or percentage is deleted. A final word of caution on interpretation of the tables in this volume. Although every effort has been made to include only meaningful information in the calculations, one or two libraries which are very different from the group as a whole can alter the averages enough that a truly representative picture is not shown, especially when the total group is small. This may be so in certain columns, especially in the largest population and highest expenditure categories, as well as the statewide totals. Because of very high values reported by some large libraries, those averages and standard deviations may be distorted. In such cases, the percentile rankings will be less influenced.
